 theme idea of "It's You!"

When deciding on a book dedication, it is often difficult to select one person since there is a great number of people who contribute so much. Therefore, the Edison Wizard Staff would like to dedicate this yearbook to you. The theme of the book, It's you, simply means you — both the student body and the entire staff.

## It's You — A Look Inside

Faces, voices, music, and books. These are all parts of the everyday scenes that make up Edison High School. These pages show students inside Edison as they go through a typical school day. Throughout this book, the Wizard focuses on an inside look at YOU.

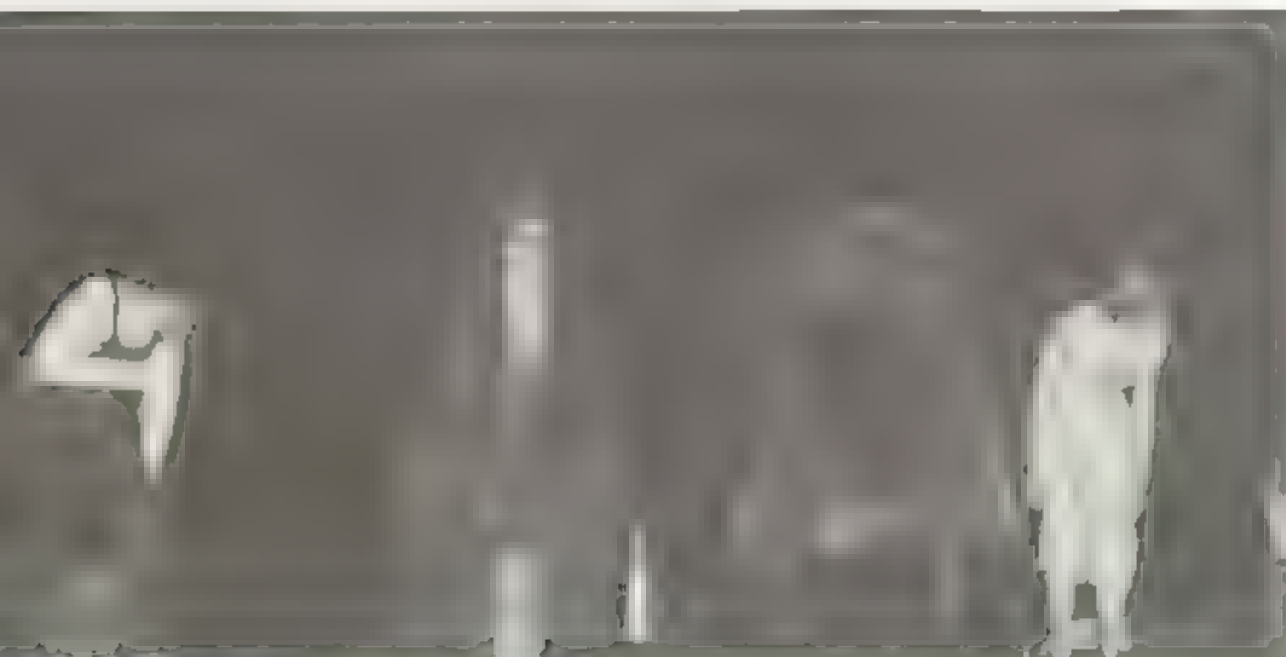

## After Hours

What do you do after hours? (Meaning school hours). The sound of the bell doesn't signal the end of school life. Here is just a few of the many school activities that take place after school. The social and also competitive activities which fill the calendar for our school year.

# STAR WARS

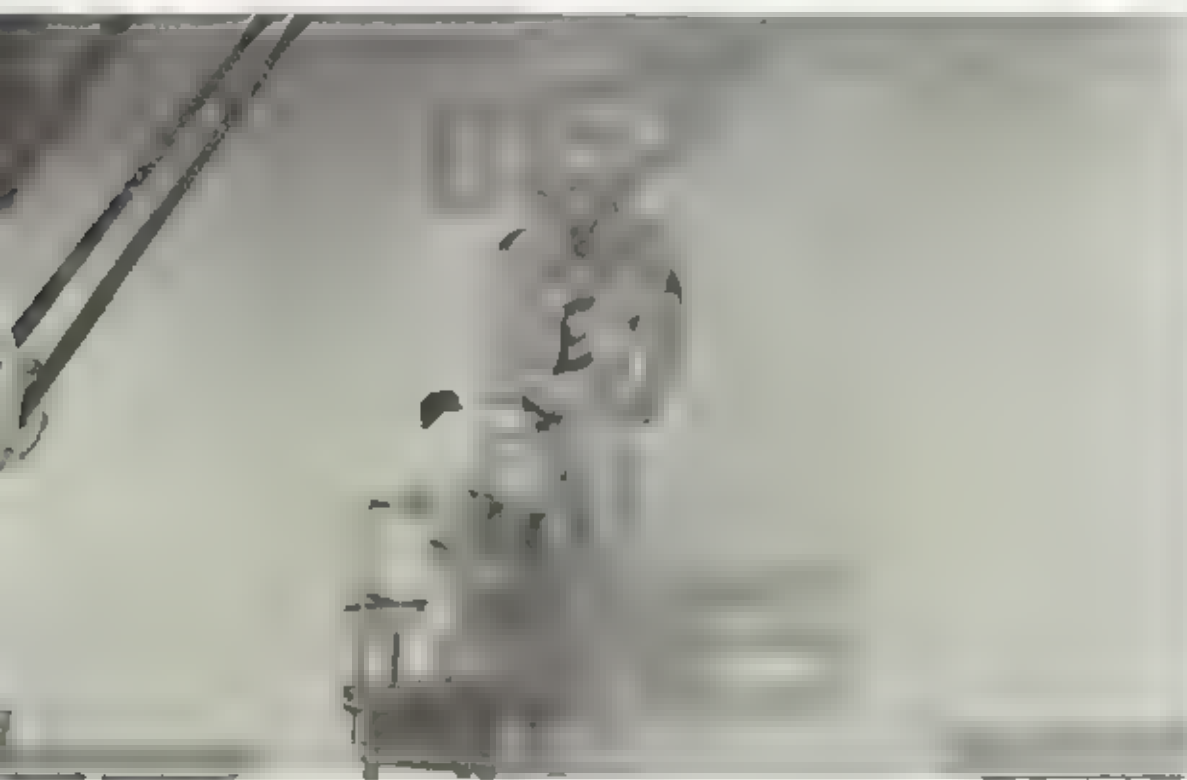

Edison has undergone many changes this year. The new gym has opened the door for better sports facilities and for both school and community activities. The library is presently expanding and will include audio-visual facilities, study booths, and a conference room. The lunchroom was redesigned to facilitate the new lunchroom, which includes pre-packed food and also a salad bar. Due to the construction on our new field, the football team had to play their games away. Having the Homecoming assembly at night, enabled more of the community and alumni to attend. A tradition-breaking change was the two main assemblies, Homecoming and Sno Daze. A King and Queen were crowned at each assembly. As we look around and notice the different sights, styles, ideas, and atmosphere, we have to admit 1978 was a year of change!

## Activities

# The Greatest Show On Earth

The Greatest Show on Earth-Homecoming 1977, was an evening program and coronation. The show, directed by Jack Litowsky, included acts by Edison students, alumni, and community. The program ended with the crowning of homecoming queen Cheryl Anderson, and homecoming king Dan Kuch

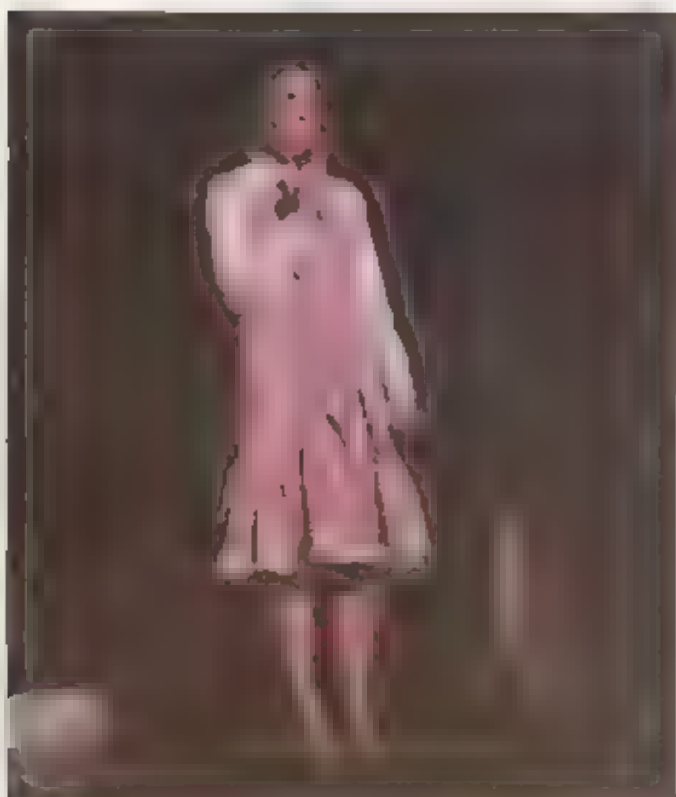

## Homecoming 1977

Homecoming week started with a balloon toss on Monday Tuesday afternoon, students beat the teachers in a faculty-student basketball game. Other activities included a tricycle race, pie-eating contest, circus day, and blue-gold day.

This year the homecoming marathon was run on Thursday instead of the usual Tuesday morning. Bob Berg was first in the boys 18.6 mile race with a time of 1:54:39. Second and third place honors went to Glenn Chiodo (10), and Joe Pasma (12), respectively. Rita Paquette (12) won the girls 10 mile marathon with a winning time of 1:34:49. In second place was Lee Ann Craig (12). Laura Comminetti (11), and Mary Hanzlik (10), were tied for third

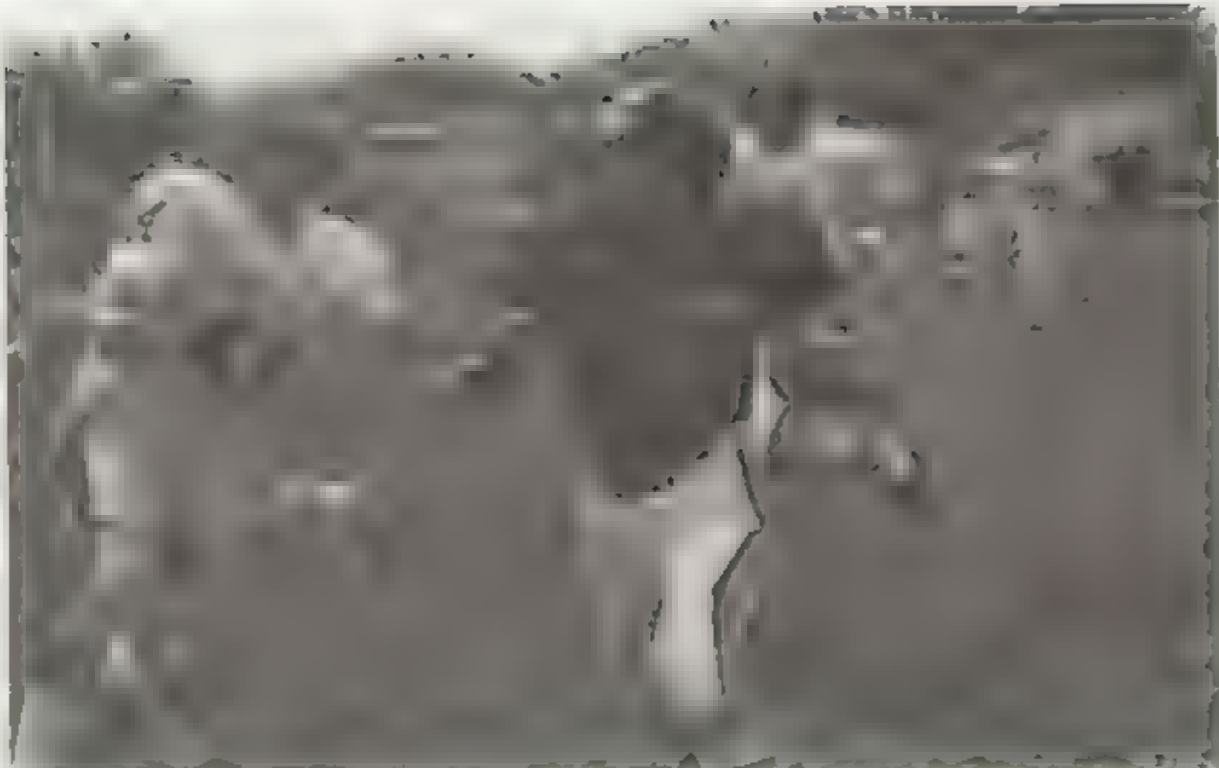

# There's No Place Like Homecoming

Friday, October 14, ended homecoming week. Instead of the pre-game assembly and parade, the cheerleaders held a pep assembly during 2nd hour to "psych" the students for the football game against South. Because of continued construction on the new gym, the game was held at South. The TOMMIES "Held the Tigers by the Tail"-final score 40-13.

# Summer Band

Summer marching band made 15 different appearances, including Kick's game, a national V.F.W. field competition, Eastside Parade, and other local celebrations. In August, the band placed third out of 19 bands competing at the State Fair Field Competition. The band's record for the summer was 5 first-places, 2 second-places, 2 third-places, 2 fifth-places, and 1 eighth-place.

There were new additions to summer band this year, including 250 new band uniforms, and Ben Aaron Stacke, Bob and Mary's new baby boy. Band mothers were instrumental in seeing that all students were well-clad and cared for.

## Sadie Hawkins - Gals Get Your Guys

All the "Daisy Maes" were out early this year, hitch'in their "Abners" for the Sadie Hawkins dance, held Nov. 11. This was the gal's big chance to ask the guy of her choice. The couples started arriving at 8:00 and the big chase began moments afterward. When starters gave the "mark, get set, go," gals were to catch their guys before 9:00 or they'd be put behind bars by the Sadie sheriffs. They were released by a dime and a "smooch." Others could be found in the "smooching booth" or in front of the altar of Marryin' Sam or Samantha. The couples swung their partners to the sound of Joey, in "Ye Olde Lunchroom." Stick horses were awarded to Cheryl Invie and Scott Burkland for the most original costumes. Lit'l Abners and Daisy Maes were chosen. Abners were Chuck Anderson, senior; Keith Ledin, junior; and Jim Evangelist, sophomore. Daisy Maes were Lisa Nordquist, senior; Sandy Jacobson, junior; and Stephanie Meade, sophomore. Ron Mochinski was the "lucky" winner of the white crowned rooster.

# Speech

The speech team spends many hours in writing and preparing speeches to be used in competition. The competitions are usually held on Saturday and run all day. Categories range from extemporaneous speaking to creative expression. Team success is growing. This year they received a national award from the National Forensic League for speech and debate excellence for the years 1955-1977.

## Debate

The Debate Team is made up of sophomores, juniors, and seniors who are interested in improving their communicating and discussing techniques. The two member teams are whether pro or con on an issue. They research, investigate, and document their views. Then they are pitted against an opposing team. The result is trophies, medals, and citations. Most importantly, they are able to see and comprehend both sides of a controversial issue.

# Two Alternatives

## Pocket School

Pocket School was started as an alternative in 1972. It was designed for students who need help with basic skills. Pocket School is run every day from 8:30 to 11:30 a.m. Students are tutored on Math, English, Reading, and Social Studies. The program includes field trips to vocational schools, and places of cultural interest. Also shadowing (watching) workers on the job for a day. Aides in the program are Delores Allen, Mary Rick, and Marion Bierch.

## Menlo Park

Menlo Park offers an alternative for students from Edison. The student who feels he cannot relate to Edison can attend Menlo. Patricia Lobash is the coordinator at Menlo. Other faculty members are-Roger Harmon, Marilyn Ellingboe, and Boyce Mohn. Students participating in this program have the regular classes-English, social studies, and gym. The atmosphere is very relaxed, and the classroom is small. This gives the teacher time to deal with the student on an individual basis.

## Senior Class Cabinet

The Senior Cabinet activities included sponsoring the Senior Class Banquet and the Senior Class Prom. They also made arrangements concerning graduation.

## The Year Of The Popcorn Machine

The new gym created a great deal of activity for the Pep Club members. The concession stand opened November 29, and is now open for all home sports activities. The club purchased a new popcorn and hot dog machine for the stand. In order to pay for these new machines, the club had many fund raising activities including selling buttons, candy, and memo boards.

This year an active student council has initiated many changes on the school and political life of E.H.S. students.

The council has worked mainly with extra-curricular functions, but this year they have strived to improve the school curriculum and atmosphere, as well as sponsoring social activities.

Committees were set up to deal directly with communications throughout the school, lunchroom improvements and recommendations for curriculum.

A contest was sponsored by the council to allocate the "Have it your way" money, won from Burger King, to clubs they felt could benefit the school.

This year of change helped put the student council ... on the right track.

# Addition . . .

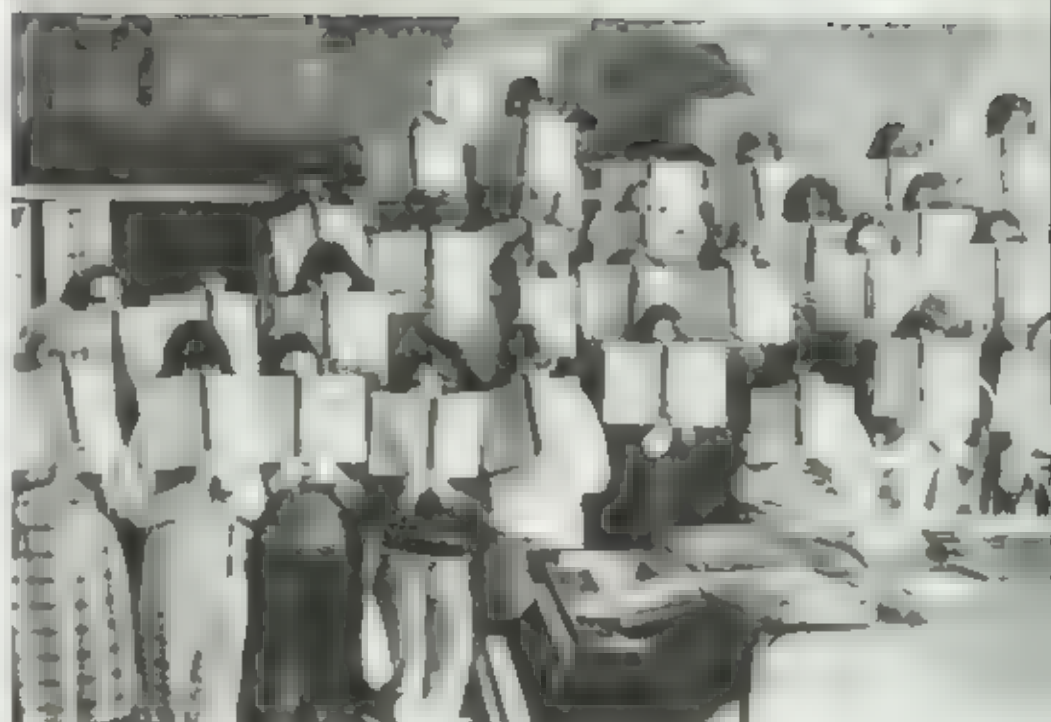

## The New Gym

The new gym is now completed after construction started in October 1976. It was a long wait for all of us wanting to see the building finished and ready for our use. The dedication ceremony for the new gym was on December 11, 1977. After a short program, including some speakers and performers, the public was able to roam the building looking at the many rooms. The new gym has folding bleachers with room for 1,500 spectators, six locker rooms located in two areas, two tunnels connecting the gym with Edison, a lobby/multipurpose area, a concession stand, and public facilities. During the program, the public was told that, at the first home football game our new field would be named after Pete Guzy, a former athletic coach at Edison.

# Choir And Guitar

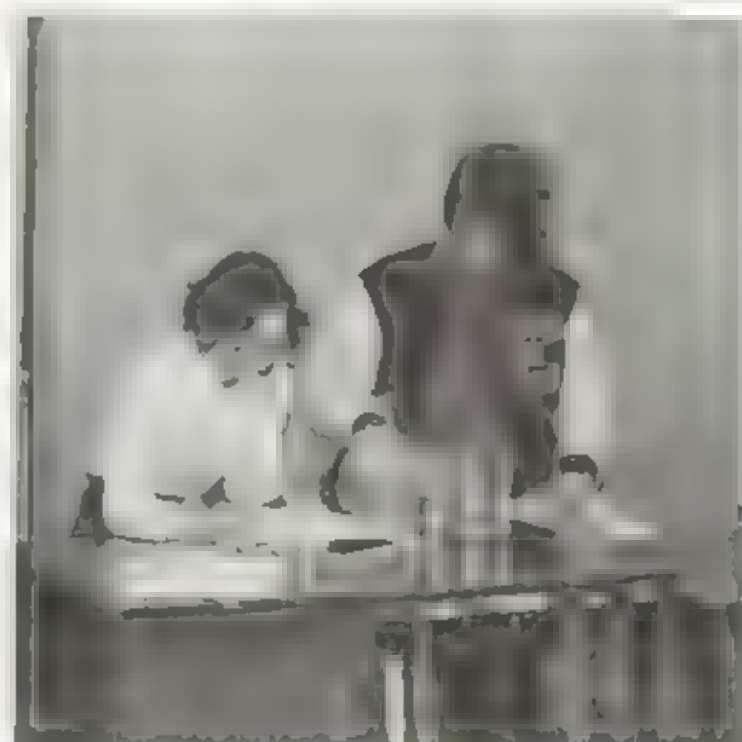

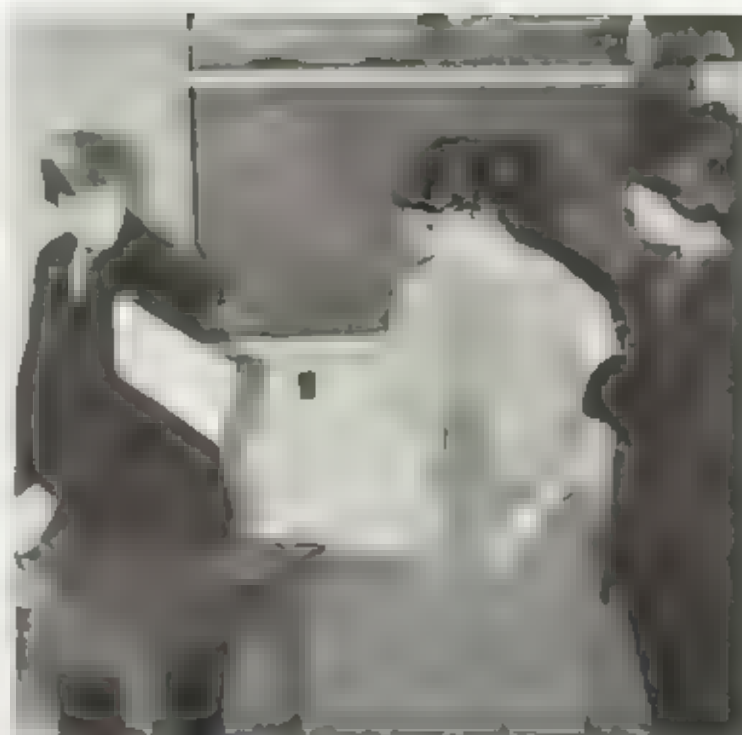

This year's choir started the year off by singing at Apache Plaza, Fort Snelling and the Winter holiday concert. Basically, the choir spent the other half of the year rehearsing for and putting on the musical "Swingin' High" and their annual spring concert. The guitar class meets every day during first hour with other students in an independent study. Members will be participating in the State competition April 19. The class will conclude with a guitar recital to be held on June 1.

## The 1978 Wizard Staff

Disorganization can sometimes pay off, as we proved in putting out the 1978 Wizard. Things may look unorganized but we always got it all together. Hard work and a great staff put out a really great book.

The Wizard holds memories for all, but it will always have special memories for the staff. We wrote the copy, took the pictures, missed the classes, drew the layouts, stayed late. This book is a part of us.

We feel this year's book is one of Edison's finest and are truly proud of it. We helped make it happen.

The opening of the new gym made the basketball halftime performances a new and exciting experience. On October 29, the Pom Toms placed 5th at the Fridley Grace Danceline Competition, and 3rd place at the St. Paul Winter Carnival Competition on January 29. At this deadline the Pom Toms were preparing for state competition.

I come from Dublin, Ireland and this year at Edison has just been fantastic. Words will never say how much I want to thank the Carl Johnson family for opening their home to me as a new daughter, the adult and school AFS club their help and generosity, but just as much- you the students and staff of Edison. You have made me feel welcome with your warmth and kindness. I have so many happy and wonderful memories to take home with me- the friendships, football games, helping make popcorn for Pep club, homecoming, the trip to Chicago, adventures with the band, snow & the cold weather, but above all I'll be taking home a little bit of Northeast in my heart. Hopefully, I'll have left a bit of Ireland here, too, by what I have told you.

My thanks to you all again- I know I will miss you all but I will never forget you. — Gillian

# Of Mice And Men

Presented By The  
Minneapolis Youth Theater  
Of  
Edison High School

"Of Mice and Men", a powerful play by John Steinbeck portrays the desperate longing of men for a kind of home-roots that they can believe in, and the painful search for self. Director Jack Litowsky felt it was the best performance of a play that he has ever directed. From the two performances given on March 2 and 3, it was apparent that the audience felt the same way. The cast received a standing ovation at both performances.

Lynch, Thomas

I plan to attend the U.S. Military academy, or the U of M on an ROTC Scholarship. I enjoy golfing and speaking—either in combination or separately. I would like to pattern my life after Admiral Isoroku Yamamoto, Commander of the Japanese Navy from 1936 to his death in 1943. Both in war and peace, he possessed what I feel are desirable qualities.

Moody, Patty

I enjoy being with good friends, and having a good time. I hope to always be happy and to make others happy. I plan to attend Business school after I graduate.

Roff, Daniel

I hope to do some traveling this summer in Europe. In the fall I will enter the field of education at either Augsburg or St. Thomas College. I enjoy participating in sports. My goal is to never take myself so seriously so that I can't enjoy life.

Sawochka, Linda

I hope to improve myself in every way by letting God's love show through all I do. I enjoy music, especially singing and drumming. After graduation, I will go to the Minneapolis College of Art and Design, to study Fashion Design.

Svensk, Jill

Participating in sports, drawing, music and eating a large pizza by myself are some of my favorite pastimes. I plan to attend the U of M this fall, and go into some kind of medical field. I hope that I can use the qualities I have to be of some benefit to others.

Ware, Dave

I will most likely attend the U of M, possibly the Honors Program. I will try to focus on some scientific field of study. I would most like to draw an outline for my life from Isaac Asimov. This is because of his multiple interests, knowledge in virtually every scientific field, and honest humor.

Vogel, Pat

I want to accomplish something worthwhile during my life and be satisfied with my lifestyle. I plan on attending the U of M- College of Liberal Arts. The person I admire is Henry David Thoreau. I would like to live according to his principles- independence above all.

## A Wider Choice Of Classes

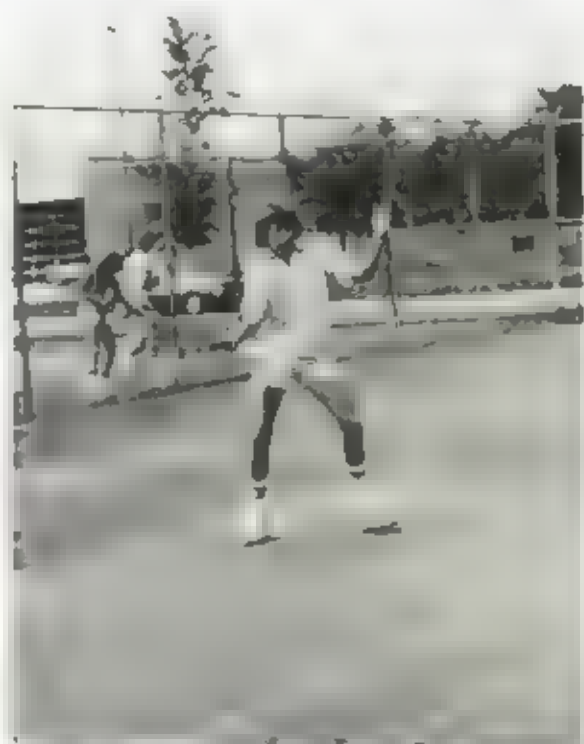

The Henry, Edison, North (HEN) Program is in its second year. This program was designed to give students a wider choice of classes that are offered at the different North area schools and to promote a voluntary desegregation. Within the last year, a lot of materials such as filmstrips and literature have been presented to encourage students to become a part of this rapidly growing program. There was an increase of 50 students and almost 300 hours enrolled in the HEN program first trimester this year. At that time approximately 454 students were involved. "I think HEN is a terrific opportunity to meet new people, learn new things and it gives you a chance to broaden your awareness of the North Area," says Faith Kelley, HEN participant.

All-conference players Dan Roff, Nick Howard, Bob Hyska and Paul Pugsley led Edison to an 8-1 season. The loss was to Washburn, eventual state AA champions. It was an unusual season in that Edison had no home games because of the construction of the new gym. Additionally, only four of Edison's nine games were played on Friday because of postponements and other scheduling difficulties. Having had the successful season the '77 team had in the face of their adversities, they are to be commended.

## It's You

Having to say goodbye,  
Is often hard to do,  
The memorable times,  
Simply say it's you.  
It's you who taught us a lesson,  
Which says it all in one.  
As hard as it may seem to say goodbye,  
We've only just begun.
